Obituary

Professor Peter Jeavons (OPO)

Original articles

Epilepsy and learning disabilities—a challenge for the next millennium?

Jean A. Hannah & Martin J. Brodie

Amnesia in temporal lobectomy patients: Historical perspective and review  
Sallie Baxendale

Treatment of epilepsy following rejection of epilepsy surgery

Peter Wolf

Juvenile myoclonic epilepsy: clinical characteristics, treatment and prognosis  
in a Norwegian population of patients

Grethe Kleveland & Bernt A. Engelsen

Interictal quantitative EEG in epilepsy

Miles E. Drake, Hosi Padamadan & Sharon A. Newell

Clinical observations of juvenile myoclonic epilepsy in 131 patients:

A study in South India

J.M.K. Murthy, Ch. Mohan Rao & A.K. Meena

Epilepsy, cerebral calcifications and clinical or subclinical coeliac disease  
Course and follow up with gluten-free diet

Miguel A. Hernández, Gema Colina & Luis Ortigosa

Gabapentin add-on therapy with adaptable dosages in 610 patients with  
partial epilepsy: an open, observational study

M. Baulac, D. Cavalcanti, F. Semah, A. Arzimanoglou, J.J. Portal,

The French Gabapentin Collaborative Group

Misdiagnosis and treatment in juvenile myoclonic epilepsy

Dilek Atakli, Dilsat Sözüer, Turan Atay, Sevim Baybas & Baki Arpacı

Case Report

Episodic nocturnal wandering and complex visual hallucination. A case with  
long-term follow-up

Ying-Zu Huang & Nai-Shin Chu

Abstracts

Abstracts of posters presented at the International League Against Epilepsy  
(British Branch) Annual Scientific Meeting Oxford, October 1997

Original articles

Serum prolactin levels are elevated also after pseudo-epileptic seizures Jørgen Alving	85
Electrophysiologic assessment of autonomic function in epilepsy Miles E. Drake Jr, Jodie M. Andrews & Christina M. Castleberry	91
Photosensitivity—Better informing patients with epilepsy of their individual risk Christopher J. Millett, David R. Fish & Pamela J. Thompson	97
Fear of seizures: An investigation and treatment Imogen Newsom-Davis, Laura H. Goldstein & Declan Fitzpatrick	101
Seizure recurrence and risk factors after withdrawal of chronic antiepileptic therapy in children Benigno E. Caviedes & Jose L. Herranz	107
Neuroimaging of children with partial seizures Uri Kramer, Yoram Nevo, Irit Reider-Groswasser, Eyal Sheuer, Jan J. Meyer, Yael Leitner, Aviva Phatal & Shaul Harel	115
Economic analysis of epilepsy treatment: A cost minimization analysis comparing carbamazepine and lamotrigine in the UK A. Shakespeare & G. Simeon	119
Prescribing of anti-epileptic drugs in the northern and Yorkshire region: 1992–1995 Sarah J. Roberts, Morgan Feely & D. Nicholas Bateman	127
Knowledge, attitudes and practice of epilepsy: experience at a comprehensive rural health services project Parindra Desai, M. V. Padma, S. Jain & M. C. Maheshwari	133
Epilepsies among twins born in families of Indian probands with epilepsy S. Jain, Menka S. Jain, M. V. Padma, A. Puri, P. Sen & M. C. Maheshwari	139
Automatic detection of epileptiform spikes in the electrocorticogram: A comparison of two algorithms M. Dümpelmann & C. E. Elger	145
Clinical characteristics, seizure spread patterns and prognosis of seizures associated with a single small cerebral calcific CT lesion J. M. K. Murthy & V. Sreenivas Reddy	153
Cognitive effects of anticonvulsant monotherapy in elderly patients: a placebo-controlled study Carol L. Read, Linda J. Stephen, Iwona H. Stolarek, Audrey Paul, Gramae J. Sills & Martin J. Brodie	159
Case Report Lamotrigine toxicity secondary to sertraline Kenneth R. Kaufman & Robert Gerner	163
Hypothalamic hamartomas causing gelastic epilepsy: Two cases and a review of the literature N. Georgakoulas, C. Vize, A. Jenkins & E. Singounas	167

**VOLUME 7**  
**NUMBER 3 JUNE 1998**

# Subject Index

## VOLUME 7

- absence seizures
  - juvenile myoclonic epilepsy, 43
  - perioral myoclonia with, 426
- acetylcholine receptor subunits,  $\alpha 4$  nicotinic, association studies of idiopathic generalized epilepsy, 429
- achievement skills, childhood epilepsy, 223
- acute intermittent porphyria, gabapentin, 415
- adolescents, experience of epilepsy, 309
- adverse drug reactions, post-marketing survey, 423
- affective disorders, *see* depression
- alkaline phosphatase, monitoring on sodium valproate, 75
- ammonia, monitoring on sodium valproate, 75
- amnesia
  - intra-carotid sodium amytal, 77
  - temporal lobectomy, 15, 424
  - transient epileptic, 426
- amygdala kindling model, synapsin I vs synapsin II, mRNA, 229
- anoxic seizures, cardiac pacing for, 74
- antidiuretic hormone, *see* syndrome of inappropriate ADH secretion
- antiepileptic drugs
  - on cognitive function, elderly patients, 159
  - and learning disabilities, 3
  - pregnancy, register, 76, 421
  - after rejection of surgery, 25
  - use in Mediterranean countries, 513
  - withdrawal from children, recurrence of seizures, 107
- anxiety, *see* seizure phobia
- aromatherapy, 79
- arrhythmias, sudden unexpected death in epilepsy, 289
- artefacts, functional MRI and EEG, 80
- association studies, idiopathic generalized epilepsy, 429
- attention, childhood epilepsy, 223
- attitude to epilepsy, United Arab Emirates, 219
- audits
  - appropriateness of EEG requests, 427
  - children as new patients, 489
  - epilepsy services, 75
  - lamotrigine
    - as first-line monotherapy, 424
    - rashes, 423
  - topiramate in neurology clinic, 207
- autohypnosis, and conditioned odour memory, 79
- automatic spike detection, electrocorticography, 145
- autonomic function, 91
- autoradiography, vs proton emission tomography, temporal lobe epilepsy, 77
- autosomal dominant nocturnal frontal lobe epilepsy, association studies, 429
- beat-to-beat variations, heart rate, vagal nerve stimulation, 213
- behaviour, evaluation, childhood epilepsy, 223
- brain lesions, partial seizures, children, 115
- brain stem inhibition, sudden unexpected death in epilepsy, 289
- British Epilepsy Association, survey of NHS, 185
- calcific lesions
  - with coeliac disease, 49
  - computed tomography, seizures, 153, 497
- carbamates, structure-activity relationships, 347
- carbamazepine
  - exacerbation of seizures, 479
  - vs lamotrigine, costs, 119
  - reading epilepsy, 271
  - sudden unexpected death in epilepsy, 289
  - SIADH, 419
- carbon-11-flumazenil proton emission tomography, vs hydrogen-3-flumazenil autoradiography, temporal lobe epilepsy, 77
- cardiac pacing, for reflex anoxic seizures, 74
- cardiac rhythm, vagal nerve stimulation, 213
- cardiac syncope, misdiagnosis of epilepsy, 428
- cardiorespiratory changes, epileptic seizures, 73
- cDNA microarray hybridization, epileptic tissue, 428
- cerebral calcifications
  - with coeliac disease, 49
  - computed tomography, seizures, 153, 497
- charges for medication, non-epileptic seizures, 385
- children, *see also* school nursing
  - antiepileptic therapy withdrawal, recurrence of seizures, 107
  - differential diagnosis, 74
  - experience of epilepsy, 309
  - imaging, partial seizures, 115
  - neuropsychological patterns in childhood epilepsy, 223
  - new patients, audit, 489
- choreoathetosis, paroxysmal dystonic, 427
- circadian rhythm, juvenile myoclonic epilepsy, 43
- classification of epilepsy, Saudi Arabia, 501
- clinics, *see also* outpatients
  - fast track, 425

- clobazam
  - partial status epilepticus, 243
  - quality of life, 417
- coeliac disease, with cerebral calcifications, 49
- cognitive-behaviour therapy, seizure phobia, 101
- cognitive function, *see also* learning disabilities
  - antiepileptic drugs on, elderly patients, 159
  - carbamazepine-induced seizures, 479
- childhood epilepsy, 223
  - developing countries, 321
- gabapentin on, 359
- colorimetry, intuitive, 81
- community learning disability epilepsy nurse specialists, 3
- computed tomography, calcific lesions, seizures, 153, 497
- computer software, electrocorticography, automatic spike detection, 145
- conditioned odour memory, on spike-wave discharges, 79
- confidentiality, driving, 459
- corpus callosotomy, 177
- costs
  - carbamazepine, vs lamotrigine, 119
  - non-epileptic seizures, 385
- counter measures, self control techniques, 261
- cysticercosis, 497
- cystic lesions, partial seizures, India, 497
- daytime video-EEG monitoring, 79
- death, *see* sudden unexpected death in epilepsy
- dentate gyrus, kindling, synapsin I vs synapsin II, mRNA, 229
- depression
  - and seizure phobia, 101
  - from topiramate, 207
- developing countries, *see also* India
  - attitudes to epilepsy, 133
  - childhood epilepsy, psychiatric disorders and cognitive function, 321
  - epidemiology of epilepsy, 281
- diagnosis, and learning disabilities, 3
- diazepam, rectal, at school, 189
- differential diagnosis, children, 74
- diffusion weighted imaging, magnetic resonance imaging, 429
- discrimination (employment), 299
- DNA studies, epileptic tissue, 428
- doctors, views on driving and epilepsy, Sri Lanka, 305
- dopamine antagonists, eyelid myoclonia with absences, 193
- driving
  - confidentiality, 459
  - Sri Lanka, 305
- drug rashes, *see* rashes
- drug resistance, and epilepsy surgery, 25
- Dublin, incidence of sudden unexpected death in epilepsy, 355
- dyslexia, and reading epilepsy, 271
- dysphasic status epilepticus, 426
- economics, epilepsy treatment, 119
- education, *see also* patient education; training
  - students with epilepsy, 189
- elderly patients, antiepileptic drugs on cognitive function, 159
- electrocardiography, long QT syndrome vs epilepsy, 428
- electrocorticography
  - automatic spike detection, 145
  - surgery for Sturge-Weber syndrome, 505
- electroencephalography
  - carbamazepine-induced abnormalities, 479
  - with functional magnetic resonance imaging, 80
  - interictal quantitative, 39
  - photoparoxysmal response, 249
  - requests, audit of appropriateness, 427
- electrophoresis, transorbital, sodium oxibutirate, 73
- Elizabethan medicine, 81, 82, 407, 411
- employment, 299
- epidemiology, *see also* India
  - developing countries, 281
- epilepsy needs document, United Kingdom, 435
- epilepsy surgery, *see* surgery
- ethics, confidentiality and driving, 459
- Executive Letter 95/120, National Health Service, 185
- experience of epilepsy, children and adolescents, 309
- eyelid myoclonia with absences, 193
- families, effects of epilepsy, 424
- famous persons, and epilepsy, 82
- fast days, and medication, 133
- fast track clinics, 425
- fear, *see* seizure phobia
- felbamate, structure-activity relationships, 347
- first presentation, children, audit, 489
- flash frequency, photoparoxysmal response, 249
- folic acid, vs neural tube defects from sodium valproate, 421
- free medication, rural health services, 133
- frontal lobe epilepsy, nocturnal, 317, 341
- gabapentin
  - acute intermittent porphyria, 415
  - cognitive function and quality of life, 359
  - open-label study, 55
  - outpatient response, 379
  - post-marketing surveillance, 423
  - quality of life, 359, 417
  - vs topiramate, psychiatric effects, 207
- Galenical medicine, 411
- gating, sensorimotor, non-epileptic seizures, 78
- gelastic epilepsy, hamartomas, hypothalamus, 167

- generalized tonic-clonic seizures
  - juvenile myoclonic epilepsy, 43
  - in sleep, 369
- general practice, *see* primary care
- genes, differential expression, epileptic tissue, 428
- genetic factors, twin studies, 139
- glucuronidation, lamotrigine, sertraline on, 163
- glutamate receptors, association studies of idiopathic generalized epilepsy, 429
- gluten-free diet, epilepsy in coeliac disease, 49
  
- Hall, John (17th-century physician), 82, 407
- hamartomas, hypothalamus, gelastic epilepsy, 167
- health authorities, prescribing rates, primary care, 127
- health care resources
  - fast-track one-stop clinics, 425
  - long-term management of non-epileptic seizures, 365
  - NHS Executive Letter 95/120, 185
  - non-epileptic seizures, 385
  - long-term management, 365
- heart
  - pacing for reflex anoxic seizures, 74
  - period variability, vagal nerve stimulation, 213
- hemifacial purpura, postictal, 337
- hemispherectomy, 177
- hereditary factors, twin studies, 139
- high density cDNA array hybridization, epileptic tissue, 428
- hippocampus, memory deficits after surgery, 15
- historical aspects, 81, 82, 407, 411
  - sudden unexpected death in epilepsy, 428
  - temporal lobectomy, 15
- hot water epilepsy, Yelandur (South India), 281
- hydrogen-3-flumazenil autoradiography, *vs* carbon-11-flumazenil PET, temporal lobe epilepsy, 77
- hypnosis, and conditioned odour memory, 79
- hypothalamus, hamartomas, gelastic epilepsy, 167
- hypsarrhythmia, West syndrome, vigabatrin, 293
  
- ictal dyslexia, 271
- idiopathic generalized epilepsy
  - late onset, 485
  - twin studies, 429
- imaging, partial seizures, children, 115
- India
  - epidemiology, 281
  - imaging, partial seizures, 497
  - photoparoxysmal response, incidence, 397
  - rural health services, attitudes to epilepsy, 133
- infantile spasms, West syndrome, vigabatrin, 293
- information, *see* patient education
- intelligence, childhood epilepsy, 223
- interictal electroencephalography, quantitative, 39
- intermittent photic stimulation
  - juvenile myoclonic epilepsy, 427
  - photoparoxysmal response, 249
  - incidence in South India, 397
- international comparison, attitudes to epilepsy, 219
- intra-carotid sodium amytal, on memory, 77
- intractable epilepsy
  - India, 497
  - self control techniques, 261
- intranasal midazolam, learning disabilities, 509
- intuitive colorimetry, 81
- investigation, and learning disabilities, 3
